wellinfused

CLINICAL ORDER

FUNCTIONAL FUSION PROTOCOL

PATIENT	DATE OF BIRTH	VISIT DATE	PRESCRIBING NP
Jane R. Doe	04·17·78	21·08·26	E. Del Giudice

THE FOUNDATION

PRESCRIBED AT INTAKE · NOT VARIABLE

- **Functional Labs**
  Drawn before anything is prescribed, and repeated at reassessment to measure change.
- **Nutritional Foundation & Supplements**
  Formulated to your lab results. Not to a catalog, and not to your symptoms.

Both are already marked, because both are already yours. Every protocol begins here.

PATHWAYS

MARKED BY YOUR NP FROM YOUR LAB FINDINGS

PRESCRIBED		SPECIFIC ITEM / FORMULATION	FREQUENCY
●	**Hormone Therapy & Optimization** Titrated to lab values, reassessed on schedule.	Estradiol pellet 12mg	q 12 wks
○	**Peptides & Compounds** Selected from findings on your panel.		
●	**IV Therapy** Lab-driven infusion series, dosed by finding.	FF 6-Series	wks 1·2·4·6·8·10
○	**Ozone Therapy** Route and course set at time of order.		
●	**Vitamin Injections** Between-visit support for identified deficits.	B12 / MIC	weekly
○	**Salt Room** Adjunct respiratory and recovery support.		
○	**Regenerative Medicine** Course determined at consultation.		

NOTES

Symptom resolution is a **byproduct of restored function**, not the goal we chase.

PRESCRIBING NP

E. Del Giudice, APRN
